It Puts an End to Oiling Worries

This "cut-away" view was prepared just to show you how efficiently the John Deere oils itself. That self-oiling feature is one of the big reasons for the steady power and long life of the

John Deere Type E Engine

The simple splash oiling system insures the thorough lubrication of every working part. Clean oil is kept circulating—every important working part is bathed by a spray of oil while the engine is in operation. Oiling is stopped automatically when the engine is stopped—no oil is wasted. Messy, easily forgotten eight-foot oil cups are done away with and friction,

one of the greatest of power thieves, is reduced to a minimum by this positive automatic oiling system. Come in and have us show you how efficiently the John Deere oils itself. Examine the simplicity of design and the sturdiness of its parts—the John Deere engine will do its work steadily and efficiently and will stand up under severe conditions on your farm.

THE most recent trend of automobile design is a. Fully exemplified in the "Bigger and Better" Chevrolet. The high, narrow radiator . . . the long, low bodies . . . the unbroken sweep of the lines from front to rear . . . the stylish blending of colors in finish and upholstery . . . these distinguish Chevrolet as unmistakably new and fashionable. In power, in speed and snap, the "Bigger and Better" Chevrolet is no less modern and vigorous. Countless refinements in engine and chassis give Chevrolet a performance as dependable as it is brilliant. The "Bigger and Better" Chevrolet, alone among low-priced cars, has truly caught the modern spirit.

STETTLER WINS FROM LACOMBE
In one of the most sensational and undoubtedly the fastest game played here this season, Stettler defeated Lacombe 3-2 after 70 minutes of lightning hockey. The game was a tie right up to a minute before the final goal in the overtime period. Our team, though crippled to some extent by the game of their career, and showed championship form all the way through. Many fans felt certain before the game that Lacombe was due for a bad beating, but Lacombe had the advantage in nearly every stage of the game. The Lacombe team is showing remarkable form now, and we look for them to win the Championship again this season. Attend their home games, and if you can, attend the outside games, as the boys need all the support they can get.

Here and There
(210)
Boys at Red Deer, Alberta, earned Christmas pocket money by trapping. They brought in nearly 400 weasel skins in less than a fortnight and also coyotes, rabbit, squirrel and cat skins.

Further experiments with superphosphate from the smelter at Trail, B.C., will be conducted in 1929 by the Alberta Department of Agriculture in connection with the Dominion Experimental Farms and C. P. R. experimental farms. An abundant supply of this fertilizer will be available to meet demands.

Upwards of four millions of dollars will be expended this season in effecting alterations, improvements and extensions to the Palliser Hotel at Calgary, Alberta, and the Empress Hotel at Victoria, British Columbia. E. W. Beatty, chairman and president of the Canadian Pacific Railway has just announced that four additional floors will be added to the former and an entirely new wing will be extended from the latter, bringing these two famous hostleries even more up to date.

A Negro preacher walked into the office of a Southern newspaper and said: "Misto Edito, they is forty-three of my congregation which subscribe to yo' paper. Do that entitle me to have a church notice in yo' Galsday issue 'Sit down and write,' said the editor. 'I thank you.' And this is the notice the minister wrote: 'Mount Memorial Baptist Church, the Rev. John Walker, pastor. Preaching morning and evening. In the promulgation of the gospel, three books are necessary: The Bible, the hymn book, and the pocketbook. Come to-morrow and bring all three.'

Twenty head of holstein cattle from Alberta pure bred herds have arrived at Vancouver over Canadian Pacific Railway lines for shipment to Japan. These cattle were collected for a Japanese buyer by deputy minister of agriculture. Quite a few such shipments have passed through this port recently. The purchase of the stock for Japan was made through the Alberta government and the cattle were selected from various herds in the province. Several of the animals or their immediate ancestors have records of 20,000 pounds of milk per year and all of them are from high producing dams.

A monster black bear weighing over 400 pounds that stalked up-right through the woods seeking what or whom it might devour and which had no forepaws, has just been trapped in New Brunswick, according to Dave Ogilvy, well-known guide and outfitter. The beast used to rifle all the garbage dumps and refuse heaps in the neighbourhood of Plaster Rock, on the line of the C. P. R., and was caught by means of a trap hidden under dead leaves and some old paint tins. Examination of the body showed that its forefeet were crippled, either by deformity at birth or by an accident, and that it must have walked about on its hind feet. Only tracks of the rear paws had been found, and considerable mystery existed as to the murderer. Seymour Traflet and Jack Ogilvy caught the bear, whose skin measured over seven feet in length.

AT THE COSY
Friday and Saturday
Laura LaPlante in the great mystery comedy drama "Finder Keepers." This is one of Laura's outstanding successes.

A BID FOR FREEDOM:

THE trend of business is towards amalgamation and centralization—building up vast organizations through combinations of many small ones. In the face of this development the farmers as a single unit has found himself isolated, helpless and working at a disadvantage.
The first step taken to remedy their position was the formation of producers' co-operatives, of which the Wheat Pool is the most notable example. In the Pool the strength of unity has been demonstrated time and again.
For the protection of himself and his family, and for the advancement of agriculture in general, every wheat producer in Alberta should join the Alberta Wheat Pool.
There is no question but that the Wheat Pool has corrected abuses, narrowed grain trade profits, stabilized markets, and insured disastrous speculation for the benefit of ALL wheat growers in Canada.
Undoubtedly the Wheat Pool has paid higher average prices to its members than the Grain Trade has paid to non-Poolers.
The Pool elevator system, operated on a non-profit basis, has given its patrons service at cost, fair weights and grades, and a measure of protection never before accorded.

To Those Who Have Not Yet Joined the Wheat Pool:
ARE you going to build and maintain private grain and elevator systems forever and provide abundant profits for stockholders year after year?
OR are you going to join the Wheat Pool ranks and work for your own interests and the interest of your Pool neighbors?

Lockhart News

Stoking the fires seems to be the most popular indoor sport these days with the thermometer running from 35 to 50 below zero.

Miss Emma Gyori is spending the week in Rimsey, the guest of Mrs. Liddings.

Mr. Wallace Stephenson and the Edward Bros. are cutting wood near Nugent for Mr. Garrie of Bentley, who has taken a big contract for fire wood.

There will be Church every Sunday. The next Service will be on Feb. 10th. Mr. Brunton of the United Church of Rimsey will be in charge.

Mr. and Mrs. Jim Robson and Mrs. Sampson and children spent Sunday at the G. A. Robson home.

Owing to the severe weather, Mr. Wm. Irvine was unable to address the Junior U.F.A. last Thursday evening.

Mr. and Mrs. Ray Connet have returned to Rimsey after spending a few days with Mrs. Miller.

Mrs. Ralph Giddison of Spokane, Wash., came home on a business trip last Thursday, returning again on Saturday.

We are sorry to report that Isabelle Jeffray is quite ill with measles. Dr. Brunton is attending her. He has made two trips down from Rimsey to see his patient, coming in a new snow mobile. Apparently snow drifts are no obstacle to this new car attachment.

The bills for the sale of Wm. Weiss and son will be out soon, the sale is to be held on Monday, Feb. 25th.

Don't forget the W.I. meeting at Mrs. Arthur Jeffray's on Feb. 6th.

The Lockhart Dramatic Society are working on their play "Kewpy," which they hope to have ready early in March.

ESSEX THE CHALLENGER

NO EVADING THIS CHALLENGE

76 ADVANCED FEATURES

Here is a challenge that rings with fulfillment. Its bid is to all who would own the best, and no car is excepted.

In Fast Getaway—against the champions of any price class. In Speed—anything the road offers up to 70 miles an hour. In Endurance—60 miles an hour all day long is being proved by thousands. In Hill-climbing—give it the hardest task you know. In Size and Roominess—match with big cars of large passenger capacity. In Appearance and Smartness—compare it with the costly cars, in which high price is paid for just those things. In Economy—against small light cars, whose chief appeal is economical operation, and which do not contend for performance distinction.

These are but a few of the 76 advanced features which a million Super-Six owners are appraising in Essex the Challenger. Come examine and drive it. It will not only win your endorsement, but challenge your ownership interest against any value that motordom may offer.

Hear the radio program of the "Hudson Essex Challengers" every Friday evening

Our Hospital Makes Fine Record 1928

Reports of the year's progress were listened to with much interest at the annual meeting of the Lacombe Hospital Association on Friday afternoon. Financial report showed a gross disbursement of \$15,350.78; this including capital expenditure; the net cost of running the hospital being \$13,558.92.

The hospital can accommodate 13 patients at one time and the net cost per patient, per day, was \$3.54 last year. 528 patients received care this year, making a total of 2828 hospital days. Patients included 174 from villages, towns and cities; 1 from other provinces of Canada and 1 from United States. Although the hospital is well supplied in a surgical way, this year several new pieces of equipment have been added among which are an up-to-date electrical sterilizer and a modern gas anaesthetic machine, which add greatly to the convenience of the doctors and the comfort of the patients. The nurses home has also been re-decorated and the living room furnished in a very comfortable manner. Officers retiring from the Board this year were Dr. Hynes, Dr. Sharpe and A. M. Campbell, and these were unanimously re-elected to serve for the ensuing term.

Some discussion followed on plans for a Municipal Hospital. Insofar as possible all arrangements have been made toward this end and now await the pleasure of the Government. Districts included in the Municipal Hospital movement here are M.D. of Crown, North of the Red Deer river, M.D. of Lacombe, Towns 42, Ranges 28-27-28, Town of Lacombe, Villages of Blackfalds, Clive and Alia.

A note of interest introduced into the meeting was that the staff of nurses employed at the Lacombe Hospital a year ago were now all married and the staff is again comprised of entirely new members.

MEADOWBROOK NEWS
The Ladies' Aid held their January meeting at the home of Mrs. Herbert Lord, it being postponed a week owing to the illness of the Ladies. They are planning a Box Social in the near future so watch for the date, and everybody come.

Mr. Lett's older sister (Mrs. Warren) has been out in this district visiting friends.

Miss Mary Proudfoot went home last week in order to attend the Burns Concert in Spruceville Hall.

Master Roy Kinley has been visiting up at Long's for the past 3 weeks.

A peddler was around last week buying hides and furs, when he heard that a man down south had 2 lynx hides to sell. He hurried down to buy them as they are very expensive, when to his surprise on arriving there he found them to be just large house cats.

Cliff Long has his wood all sawed up for this year, his brother-in-law (George Henderson) sawing it with his Fordson tractor.

POULTRY INDUSTRY RAPIDLY GROWING
A new high mark in the value of the poultry industry in Alberta has been set during 1928 according to the annual report of the Poultry Commission, J. H. Hare. Figures arrived at with the co-operation of the Dominion Bureau of Statistics show that numbers of the various kinds of poultry on Alberta farms in 1928 were as follows: 1,398,214 turkeys; 200,922 geese; 99,258 ducks; 5,496,180 other fowl; a total of 6,215,374 as compared with 5,853,900 in 1927. A corresponding increase in the total value of poultry is shown in the fact that this reached \$6,095,538 in 1928 as against \$4,921,000 in 1927.

WORK CONTINUES ON HIGHWAYS
The travelling of the section of the Red Trail between Macleod and Lethbridge has been completed by the contractors, McDonald and Foster and their gravel-crushing outfit has been moved to within a few miles of Pincher. From here work is being started on the graveling of the section of road between that point and Macleod. On the completion of this work, Lethbridge and Macleod will have all-weather roads through to Crow's Nest on the West and Edmonton on the north.

Some 1,095 combine harvesters were purchased in Alberta in 1928, bringing the total number in operation in the province up to 1,316 according to a survey recently conducted by a western farm paper. Purchases in the three prairie provinces during the year totalled 3,657, of which 2,356 were in Saskatchewan, and the remaining 200 in Manitoba. The sales in the three provinces in 1928 represent an increase of 611 per cent over the sales in the previous year.

COAL
We are agents for the Famous Newcastle Coal—it always gives satisfaction. For Ashless, Smokeless, Economical Fuel, use Petroleum Coke
We supply Storm Sash and Storm Doors. They will soon save their Cost in Fuel.

Lacombe, Alta.

OUTPOSTS SUPPLIED WITH ANTI-TOXIN
Supplies of anti-toxin have been sent by the provincial Department of Health to McMurray and Fort Smith in order to combat any possible outbreaks of diphtheria in the territory surrounding these northern posts. Smaller quantities have been supplied there in the recent delivery by air to Red River Settlement, 200,000 units having been sent to McMurray, and 100,000 to Fort Smith for dispatch from those points to Hay River and Chipewyan.

A Chrysler Motors Product
Plymouth offers typical Chrysler performance, being Chrysler-engineered and including such modern improvements as weatherproof hydraulic four-wheel brakes, high-compression L-head 45 h. p. engine, rubber engine mountings, aluminum alloy pistons, torque reaction neutralizer, full pressure-feed lubrication.

EMPHASIZING its value leadership, making it plainer than ever, are Plymouth's new lower prices representing savings of \$15 to \$40 on popular models.

Plymouth quality has not been changed in the least—it remains the same fine quality which has given this car an international reputation for economy of operation and upkeep.

In the lowest-priced field, Plymouth is still the outstanding full-size car giving ample room for five grown-ups; it is still the only car near its price equipped with weatherproof hydraulic four-wheel brakes;

it is still the one big buy at its price combining modern engineering improvements and performance with modern style and luxury.

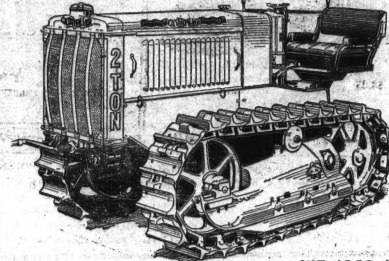

See the Plymouth. Compare it, try to equal it among cars selling under \$1000—and inevitably you will rank it first and foremost in every element that determines true motor-car value.

Larry tells us that it was so cold in his barn last week, that he had to use a blow torch to thaw out his cow's legs, and milk with heavy mitts on. We don't believe it.

The postponed meeting of the Loyal Temperance Band will be held next Sunday afternoon, Feb. 3, at 3.00 o'clock.

The Board of Trade of Lacombe and District are planning a series of monthly luncheons on the second Saturday of each month. The first luncheon will be held on February 9th at one of the local hotels. Luncheon will begin at 12.15 sharp. Be sure and keep this date open and look for next week's paper for further particulars.

Mr. A. T. Inksp, for many years proprietor of the Adelphi hotel arrived in Lacombe last week from England where he has been living for the past year. Mr. Inksp reports a very rough passage across, but is glad to be back in Lacombe again. He will be here for about a month looking after his business interests.

BOARD OF TRADE MEETING

A report of the year's activities was given by President E. H. Jones at the annual meeting of the Board of Trade on Tuesday evening. Secretary Treasurer, J. Fraser in his financial report showed a credit balance of \$44.62. The Board began the year with \$60.22 and had raised \$768.00 during the year.

Election of officers resulted as follows: President, Geo. E. DeLong, Assistant Secy. of Experimental Station; Secy-Treas. Jesse Fraser, (acting for three months only); Vice-President, Harry S. Trane; Executive, Messrs. A. M. Campbell, Arthur Belcher, Norman Morrison, Stuart Taylor, Rev. R. B. Layton, E. H. Jones, Tom Wilkes and F. H. Reed. A hearty vote of thanks was given E. H. Jones, in appreciation of his services as Board President for the past six years. The Executive agreed to secure five new members each for 1929. Decision was reached to hold a luncheon on the second Saturday of each month for the purpose of discussing the work of the Board. Messrs. Puffer and Jones were instructed to prepare a petition asking that the C.N.R. Build a three mile spur from their line into Lacombe.

PONOKA JUVENILES REFUSE TO PLAY OVERTIME

Lacombe Juveniles won the decision from the Ponoka juveniles here last night after sixty minutes of cyclonic play. Though at the end of the game the score stood one all. Lacombe claimed the decision under the section of the hockey rules that says: "In overtime games, in case either team refuses to play any necessary overtime periods, it shall be declared a loss to the team refusing."

In the first period, Ponoka made the only counter, when Red got through on a combination rush with Larsen, James bulging the hemp after sixteen minutes of play. The boys were playing a brand of hockey that would do credit to a senior team, and the locals looked a thousand per cent better than they did at Ponoka last week, when they were the holders of the small end of a 7-0 score.

The second period saw Lacombe working like clockwork, and Ponoka made a look-in. It was no surprise to the small party of fans when Raymond scored on a pass from Troit and Miller. The surprise was that the score was not higher. Tyler, in goal for Ponoka, was in great form. The period ended with the count tied. With the score one-all, both teams took the ice to start the last stanza, and cyclonic rushes, close checking, and hard shooting, marked this chapter. The boys, intent on a win, started a little rough stuff, and a few penalties were handed out to both sides. Ponoka became a little peeved at the way the referee handled the ball and started an argument soon after the face-off, when Troit passed to Raymond, and Ross got the puck the ball rang. When the gong wasn't heard, a Ponokaite went down and caught the goalkeeper napping and bulged the hemp. The goal wasn't allowed, hence a hot and furious argument. Biz, handling the ball, was in for a tough time. After this dispute the game continued, and just a minute before time a tussle occurred behind the Ponoka goal, and Orruthers and Straus took the fence for a major penalty.

After the usual rest, the referee sounded his gong, and Ponoka refused to finish the game, Lacombe thus claiming it.

W. I. MEETING

The Lacombe W.I. will hold their regular monthly meeting in the Ladies Rest Room, Saturday afternoon, Feb. 2nd. Any member who wishes, may submit a question on Legislation at this meeting which will be answered by Mr. E. H. Jones, Barrister, at our meeting held in April. Program: Paper on Education given

by Mrs. Sansbury; Recitation by Jean McWilliams; Current Events, Mrs. Paul. Hostesses, Mademoiselle Fenwick, Jenkins and McFarlane.

PRESBYTERIAN SERVICE

The usual Presbyterian service will be held in D. Cameron's store on Sunday evening.

KEN MAYNARD

"THE GLORIOUS TRAIL"

The fact that the motion pictures in which Ken Maynard is starred have been based upon actual historical phases of the West has often been stressed. "This is done to grow-ups as well as children will know that some of the greatest romances and most gigantic strides in the development of the West, which are superior to any fictional theme, can be used and brought to the screen to combine actual fact and interest. The Glorious Trail" which will show at the Rex Theatre Friday and Saturday this week is based upon the straining of the first telegraph wires that connected the West with the East. The West, prior to the advent of the telegraph, was still regarded as a lawless wilderness, which to some extent was true, but it brought a close contact that made the West a safer and more sought after place than before. See 1000 Sioux Indians in a mad fight with the pioneers. See a whole troupe of U.S. Cavalry men in a breath-taking ride to their rescue. The Glorious Trail tells these hardy pioneers West, West! Fighting every inch of the way.

Also 2 reel comedy.

PALLISER AND EMPRESS EXTENSIONS

Over the signature of E. W. Beatty, chairman and president of the Canadian Pacific Railway, has come the announcement that large extensions are to be made to the Palliser Hotel at Calgary and the Empress Hotel at Vancouver and that the additional accommodation will be ready for occupancy before the peak of the present years tourist traffic. This is good news, not only to the two cities more directly concerned where a total of more than four million dollars will be spent in the work, but to a vast legion in all corners of the earth to whom the Canadian West is a lodestone.

When Calgary read of the four additional floors which will add 200 rooms with bath to the city's accommodation it thought of Stampede week, and the thousands who pour in from all points of the compass, clamouring for accommodation and joining the mill of Cowboys, Indians and old-timers who for one week drop back to the color, romance, gaiety and sport of the early 80's.

Calgary is a steadily progressive city. Its trade and commerce continue to expand. It is a great city of the plains and the Palliser will be as spacious and beautiful as is fitting to city and the times.

The "Empress" addition of 270 rooms with bath, ground of holly hedges and box-wood trimmings. When these two extensions are completed, Canadians may take still more pride in a chain of Canadian owned and operated hotels which extends from coast to coast and in point of view of service, comfort and appointments is second to none in the world.

it will lose nothing and fit still more with the background of holly hedges and box-wood trimmings. When these two extensions are completed, Canadians may take still more pride in a chain of Canadian owned and operated hotels which extends from coast to coast and in point of view of service, comfort and appointments is second to none in the world.

Milton Sills in

The Sensational Underworld Drama

"THE HAWK'S NEST"

"The Hawk's Nest" dear readers, is not the place where the big, black bird lays its eggs. It's a notorious dive in Chinatown that is run by a man nicknamed "The Hawk" (Milton Sills). He is a World War veteran who hides his face in the Chinese underworld, because it is too disfigured to be shown even to Chinamen. But Pacific Surgery returns his former appearance and he makes a play for the hand of Madison Arden (Doris Kenyon), the girl of his bitterest rival Dan Daugherty (Montague Love), one of the very few persons who ever saw "The Hawk". Meet The Hawk—mystery man of the underworld—beloved and most-feared of all crookdom. Here's a picture that takes you right into his nest. See the desperate fight between two powerful gang leaders for the love of a cabaret dancing girl—and her own surprising sacrifice to uphold the code of the underworld! A picture that will give you plenty of thrills—a story you will remember for months.

Also 2-reel comedy.

A. M. CAMPBELL'S

Imp. Sayings

A Column of Fun and Facts for Lacombe Folk and our Farmer Friends

It wasn't so very long ago that we saw a man slip on an icy place on the sidewalk and then say something under his breath. Now we don't pretend to know just what that man's thoughts were nor what he was saying to himself but we have an idea that it wasn't very complimentary to the owner of the walk, nor to the climate either for that matter.

With McCormick-Deering Grain Drills every seed is planted right in even furrows, at the proper depth and covered with just the right amount of dirt.

The final achievement in thrift will come when our morning papers are printed on breakfast food.

McCormick-Deering Power Lift Grain Drills are a distinct step ahead in seeding machinery. They are the largest now made, but can be drawn by either tractor or horses.

To the average mother a door is something the baby messes up with his fingers, all the older children forget to close, and father bangs to indicate he has lost an argument.

Have you seen the new McCormick-Deering Ball Bearing Cream Separators with the milk screw? The prize economical fellow in the Dominion got married in the back yard so his hens would get the rice.

Let us give you a demonstration of the McCormick-Deering Tractor and convince you of the wonderful work it will do. It has assurance of plenty of power for odd jobs, belt work, plowing, etc.

Reason For Failure
Lady: "Why aren't you a successful business man?"
Trump: "Well you see lady, it's this way. I wasted my time in school instead of selling newspapers."

You will have no more worry about running water if you install a McCormick-Deering Gas engine.

Lacombe is Prosperous Audit Shows

The annual meeting of the Town of Lacombe and the School Board of District No. 243 was held in the Town Hall on Friday evening, Jan. 25th. Auditor's report showed the finances of the Town to be in a good healthy condition. Beginning the year with a deficit of \$4000.00, which was incurred in 1927 through connecting the Town up with the main highway, and though the expenditures throughout the year were exceptionally large, at the end of 1928, all all Bank accounts had been paid off and a very creditable surplus remains.

Some \$6000.00 was expended on Public works, which included considerable graveling of the streets; the By-Laws of the Town were consolidated to date, at a cost of \$500.00; \$5000.00 more was expended on a water works survey and an expert Assessor was brought in to make an assessment on lands and buildings, this costing approximately \$415.00.

A very encouraging report came from the Electric Light Department, showing the earnings over and above the expenditures to be \$6000.00. The council at the annual meeting in January reduced the cost of electric power from 17c. to 16c. per kilowatt, to the consumer.

The Health Department gave a splendid report, with very little sickness during the year and the sanitary conditions of the town being in splendid shape. Many improvements were also made in the cemetery, adding greatly to its appearance.

Mayor Jackson in his report of the various activities of the Town spoke especially concerning the graveling of the streets and hoped the 1929 council would continue this work. Due attention would also need to be paid to the upkeep of the streets already gravelled.

Report from the School Board showed that the demand of \$17,000.00 had been received from the Town, and a small balance remained to their credit. There are ten teachers on the staff, and an attendance of 356 students, 46 of whom are from out-of-town. Lacombe School was built in 1907, and at the present time carries a debt of \$15,666.67. These debentures will be fully paid off in another nine years. An interesting coincidence is that the Town debentures also mature at the same time.

Retiring members of the council are Mayor G. T. Jackson, Councilors J. Gilmore, E. H. Jones, and W. J. Trot, and of the School Board, Dr. Sharpe, Jesse Fraser, W. N. Morrison,

The C. G. I. T. Conference

The annual C.G.I.T. conference was held in the United Church, P.O. Box, January 25th to 27th, with approximately 115 girls in attendance, representing Wetaskiwin, Lacombe, Rimbey and Estabate. After registration on Friday evening, Dorothy Alger welcomed the delegates, Florence French, Wetaskiwin, responding. Devotional exercises were conducted by Alice Burris, after which Lottie O'Dell gave an interesting talk on "Take your Soul on a Pilgrimage," the keynote of the conference being "Pilgrimage."

Miss M. Nix, Calgary, Secretary of Girls' Work in Alberta, then described various C.G.I.T. conferences, of which there have been nine in Alberta, attended by three hundred girls. Conference officers elected were: President, Freda Karriush, Ponoka; Secretary, Florence Connell, Lacombe. The meeting closed with the Pilgrim hymn.

The Lacombe girls took charge of the devotional exercises on Saturday morning. Questions relating to the varied phases of girl's relationships were then discussed in groups, the leaders announcing the more important points brought out. After reports were given by the delegates, comparisons were made on the work accomplished by the various groups which was productive of much interest.

The afternoon was devoted to recreation, the girls enjoying the well-equipped gymnasium connected with the church, while Miss Nix and the leaders met for discussion of organization problems.

After a most bounteous banquet prepared by the W.M.S. ladies of Ponoka, and thoroughly enjoyed by the delegates, numerous toasts were heard: "The King" by Miss Hedley; "The Church" by Mary Watson; "The Victors" by Esther Neilson, responded to by Catherine Newton; "The Leaders" by Margery Brown, response by Mrs. Aldwinckle. A singing and comic skit of a Ford car were here introduced, producing much merriment.

The girls were then taken on several pilgrimages, first to the Palace Celestial Home, by Mrs. Hobbs; The Desolate Mountains, 'School' by Evelyn Irwin; The House of the Church, by Elizabeth Layton; The Celestial City 'Motherhood-Pilgrims' by Miss Borden. A recitation, "Pilgrimage," was given by Grace Scott. Hearty thanks were voted to the ladies who prepared the banquet. Sunday morning the girls attended church with their hostesses and in the
